

Dear Friend,

We've been doing some fishing ourselves lately - casting for ways to improve the Nebraska School Weatherization Program. Patience paid off and we landed a great catch.

On July 1, the School Weatherization Program went from providing grants to financing loans for energy efficiency school improvements.

You'll hear from us soon about the public hearing.

Martha

Martha Beaman
Director

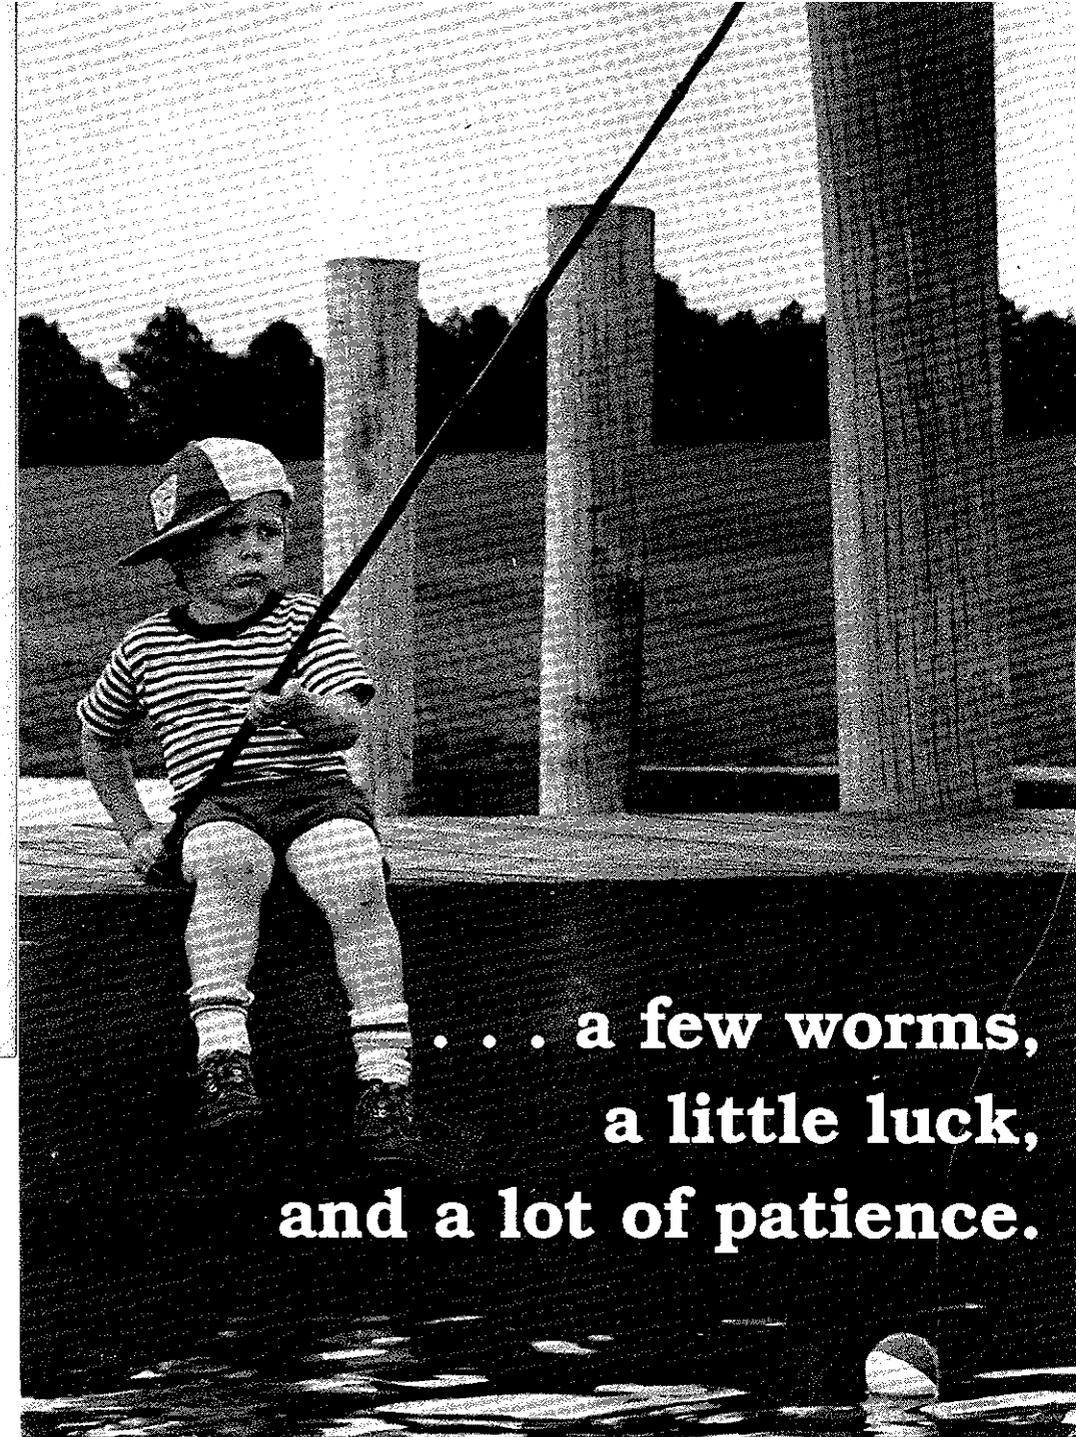

P.S. The new rules and regulations are being drafted now. We'll send you copies as soon as they are approved by the Governor and the Attorney General.

... a few worms,
a little luck,
and a lot of patience.
